

BUILDING A BETTER WORLD

ENGINEERING EXCELLENCE

Quality inspection occurs at over different 10 places/stages in the production line and the related data is captured in ERP

QUALITY MANAGEMENT SYSTEM

Providing excellent quality products to our customers has always been our driving fuel and passion. In order to do this, we need to always make sure our production capability remains at its peak where the output will be of the greatest quality. With an overall staff who bring in many years of experience, our QA process is guided by strong quality systems to ensure consistency in quality with continuous process improvement. We at Trinity Steel incorporate a culture of total quality management, which empowers every employee to be constantly vigilant in maintaining quality.

NEW PRODUCT DEVELOPMENT

Our 25 member 'New Product Development' (NPD) team coupled with over 100 engineers and state of the art laboratories and machinery allow us to develop diverse products and for leading retailers and distributors globally.

RESEARCH & DEVELOPMENT

ABOUT US

Born from the vision and passion of industry trailblazers, Genesis Distribution Corp emerged in 2023 as a beacon of innovation in the realm of Engineered Products. With a resolute commitment to excellence, Genesis embarked on a journey to develop, source, manufacture, and distribute goods that would reshape the landscape of North America.

The story of Genesis is one of shared expertise, where dedication meets innovation. It's a testament to the power of envisioning possibilities and turning them into reality. With each product that leaves our hands, we're not just distributing goods; we're distributing the embodiment of ambition, quality, and relentless pursuit of excellence.

Genesis Distribution Corp is not merely a company; it's a symphony of aspirations harmonizing to create a future we believe in.

As we forge ahead, we invite you to be a part of this inspirational narrative, where dreams are built into reality, one product at a time.

Genesis Distribution Corp. is a specialized distributor of specialized steel products such as engineered fasteners, concrete accessories and other products which cater to the industrial and construction sectors, with a global clientele spanning across countries such as USA, UK, Canada, Australia, India, South Korea and the UAE. We are a quality-centric organization that thrives on producing the best products for our clients and to the industry and ensuring that quality is our priority. We make this happen by maintaining a culture of continuous improvement and total quality management.
